

Watering Days & Times

As of July 10, 2023

To use the table below find your house number in the right column. To the left of the house number you will find the watering day(s). The actual watering start time for your home will fall somewhere within the stated watering time interval. Please note that some parts of your lawn may be watered at different days or times. This is indicated by an asterisk. If you find that watering is not being done on your watering days then please contact the Water Committee.
